

- **To save the file as PDF:** Select the Print button and
change the Printer/Destination option to “Save as PDF.” This also ensures that Hyperlinks within PDF documents are active. If “Microsoft print to PDF” is chosen, Hyperlinks will not be active in the document.
- **To hide the date/url headers and footers on the printout:** Select the

Print button, then select “More Settings.” Scroll to

the bottom and *uncheck* “Headers and footers.”
